

TRANSIENT GENERAL AVIATION PILOT & PASSENGER SURVEY

The State of Colorado is conducting a study to measure the value of Colorado airports to their communities and to the state. An important part of this study involves surveying airport users. **This survey is intended to gain an understanding of how transient general aviation aircraft visiting Colorado contribute to the state's economy.**

Please take a few minutes to complete this survey. Your participation is deeply appreciated and crucial to the success of this study. *Responses are anonymous and reported in combination with all other respondents.*
